

Mission & Vision

Mission Statement

Established in 1972, Native Directions Inc., Three Rivers Indian Lodge provides chemically dependent treatment services for individuals needing a new beginning by utilizing spiritual and traditional education within a social model program for positive life changes.

Vision Statement

Native Directions, Inc.; Three Rivers Indian Lodge provides culturally relevant and client-centered treatment services for Native Americans and others experiencing chemical dependency. Sobriety for clients is promoted through programs that connect or reconnect with history, culture, tradition, and spirituality; build awareness and ability to communicate with trust; and develop skills to foster self-awareness and empowerment. We strive to support self-worth, balance, independence and spiritual healing for Native American People.

Our treatment Services are presently available for American Indian individuals in a 90-day community alcohol/drug treatment center in Manteca, Ca.

Requirements:

- A willingness to live and maintain a sober environment.
- Attendance at required group meetings, seminars and AA/NA Meetings.
- Participation in individualized and group counseling sessions, Traditional and Cultural participation for self-help, growth, and participation in recreation and physical activities as a part of group development.
- Accountability and responsibility for each individualized treatment plan and recovery process.

A Native American Prayer

I come before you in a humble manner and I offer you this sacred pipe with tears in my eyes and an ancient song from my heart I pray.

To the four powers of creation, to the Grandfather Sun, to the Grandmother Moon, to the Mother Earth, and to my Ancestors.

I pray for my relations in nature, all those who walk, crawl, fly and swim, seen and unseen, to the good spirits that exist in every part of creation.

I ask that you bless our elders and children, families and friends, and brothers and sisters who are in prison. I pray for the ones who are sick on drugs and alcohol and for those who are now homeless and forlorn. I also pray for peace among the races of humankind.

May there be good health and healing for this Earth, may there be beauty above me, may there be beauty below me, may there be beauty in me, may there be beauty all around me. I ask that this world be filled with peace, love and beauty.

SLE House

Three Rivers Indian lodge has created a third phase to the treatment services (180 days-2 years). A house uniquely American Indian where the individual is required to continue the recovery process where they are given more time to focus more consistently on life change. This program and environment is culturally relevant to American Indians where walking the Red Road is a path to empowerment and balance, where cultural beliefs and traditions are utilized in continued quest for sobriety.
